President Is Against Isolation

Some of Plans
For Remaking
Of World Order
Are Disclosed

WASHINGTON, Sept. 26 — (AP) — President Truman declared today that any swing to isolationism in the United States would put this country on the road to ruin.

Then, with machine gun rapidity, he replied to a variety of questions which further revealed some of his plans for American participation in remaking the world order.

He said:

1. "The disposition of Japan's fleet will be decided by an Allied reparations committee just as in the case of German naval force. This would open the way for both Britain and Russia to claim a share as they did at the Berlin Big Three meeting."

2. In his forthcoming message to congress on the atomic bomb he will say whether he believes the secrets of the bomb should be divulged to other nations.

3. The present organization of Japanese occupation under General MacArthur was agreed upon by all the governments interested — evidently meaning Russia, Britain, and China. Mr. Truman said he has received no proposal for creating an Allied council on Japan.

4. He has no knowledge of any plans for another "Big Three" meeting.

5. In the president's opinion there is no evidence that the Big Five Council of foreign ministers in London has "failed" — the word a newsman used in asking the question. Let's wait until we see what are the real results of the meeting before we call it a failure, the president said, and not make a decision on surmises.

Refutes Conjecture

The comment on isolationism came in a response to question as to whether Mr. Truman thought the United States was in a more isolationist mood. He was told that Columnist David Lawrence had suggested such a trend in an article published in the Washington Star last night.

Mr. Truman said he did not agree. If we ever get to that point, he said, we're on the road to ruin just as in 1920. (A swing into isolationism following the first World War has been blamed for United States failure to participate in world organization efforts.)

There were many questions on the subject of Japan.

The president told his news conference that he knew nothing official concerning reports that the Russians were seeking creation of an Allied control commission in which they would participate. (In London, Soviet Foreign Commissar Vyacheslav M. Molotov is reported to have criticized U. S. policy in Japan sharply, complaining it was too soft, and to have asked establishment of such an Allied council.)

Mr. Truman said any criticism of occupation policy could be communicated to him direct.

The president was reminded that American officials had said that when the Allied countries were not in agreement on occupation policy for Japan, that the U. S. view would prevail.

He was asked if machinery has been provided in the control set-up whereby other countries could be communicated to him direct.

Three Cars in An Accident

Lawrence McGinnis, Kansas City, Mo., received severe injuries in his left hand and arm about 12:45 o'clock this afternoon in a three-car accident about ten miles south of Sedalia on Highway 65. Mr. McGinnis was brought to Sedalia in the McLaughlin ambulance and taken to the Bothwell hospital where his injury was treated.

According to Mr. McGinnis he was starting to pass an automobile and in doing so the driver of the car signaled for a left turn. Mr. McGinnis said he slowed down and a car which evidently started to pull around crashed into the rear of his automobile causing the McGinnis car to crash into the car he was passing.

The three cars were not badly damaged according to reports.

Mr. McGinnis was brought to Sedalia and did not obtain the names of the drivers of the other two cars. State Trooper Peter Stohr is making an investigation of the accident.

Lt. John Lamy, Former War Prisoner, Free

Returned to Army Control Sept. 16, Messages Report

Dr. John E. Lamy, a first lieutenant in the U. S. army and a prisoner of war of the Japanese since the fall of Bataan, has been returned to military control, as of September 16, according to two messages received in Sedalia this morning from the war department. One was to his wife, Mrs. Mary Alice Messerly Lamy, 705 West Broadway and one to his parents, Mr. and Mrs. J. A. Lamy, 500 South Grand avenue.

Lieut. John E. Lamy

The messages, similar except for the relationship mentioned, arrived here this morning through Western Union within a couple of hours of each other. The one to the parents reads:

"The secretary of war has asked me to inform you that your son, First Lieut. John E. Lamy, returned to military control in Japan September 16, 1945, and is being returned to the United States in the near future. He will be given an opportunity to communicate with you upon his arrival. Witsell, acting the adjutant general."

Lieut. Lamy entered military service four years ago this month and went to the Philippines almost immediately. Being a doctor and having specialized in surgery, he was a member of the medical corps.

The last word from him, prior to the messages today, was a radiogram from Japan to his wife, received in November, 1944, and from that message they gained the information that he was in a prison camp in Japan, apparently at that time near Tokyo.

Directed Verdict In Damage Suit

The damage suit of Mrs. Grace M. Shirley against Guy A. Thompson, trustee for Missouri Pacific railroad, who asked \$10,000 for the death of her husband Charles D. Shirley, killed May 5, at Byberry crossing near Ottumwa, was concluded today. The jury upon direction of the court found for the defendant.

A motion for the directed verdict was sustained by Judge Dimmitt Hoffman, who instructed the jury to sign a verdict in favor of the defendant.

Lamm and Barnett represented the plaintiff and L. P. Embury, California, Mo., the defendant.

Robert Dooley Is an Escapee From Alcoa

Sedalia Youth Under Sentence For en Years

Robert Dooley, 18, serving a ten-year sentence at Alcoa Farms for robbery, and William Ford, 24, serving a five-year sentence on a similar conviction from St. Louis, escaped from the reformatory Tuesday night, or early this morning, according to a radio report to local police from the State Highway Patrol, received this morning.

Dooley was sentenced to Alcoa on June 18, the day before the trial of Lawrence Keele, U. S. Navy, on charges of first degree robbery in connection with the shooting and holdup of F. P. Norris at his hamburger stand, Third street and Engineer avenue, the night of March 26. Keele's trial ended in a hung jury and he was committed back to the county jail to await another trial which is scheduled for the October term of criminal court.

The young man at the time of his arrest accused Keele of being with him at the time he entered the hamburger stand and told the young man frying hamburgers to hand over the money in the cash register. While in the act Mr. Norris emerged into the business part of the place from a back room and yelled at Dooley.

Dooley turned and fired, the bullet striking Mr. Norris in the abdomen. Mr. Norris went back into his room obtained a gun and fired at Dooley as he was leaving the place, a bullet striking him in the back.

Dooley was then driven off by Keele in his dump truck, left for dead at Gillespie's funeral home on the yard, but was taken in the Gillespie ambulance to the Bothwell hospital where he recovered from his wound.

At the time of his arrest Dooley gave his home as 422 North Grand avenue, the home of relatives. His wife resides in Sedalia at 1802 South Prospect avenue.

Sedalia Nurse in Tokyo Bay Entry

First Lieutenant Mary E. Donahoe, 500 Dal-Whi-Mo court, an army nurse from Sedalia, daughter of the late Mr. and Mrs. Peter Donahoe, of Springfield, Mo., was among the first group of American Army nurses to reach Tokyo on the army hospital ship, Marigold.

She is a niece of Mrs. E. A. Smith of the address given and is a graduate of St. Mary's hospital, Kansas City, Mo.

When the Army Hospital Ship Marigold, veteran of both the European and Pacific Theaters, dropped anchor in Tokyo harbor, the doctors and nurses aboard her were the first complete Army Medical Unit to arrive at that long-awaited destination.

Aboard the Marigold, the 37 nurses of the Hospital Ship Complement, eagerly awaited "the last big job of the war." Nurses of this unit, who are members of the originally assigned personnel are among the most widely-travelled members of the A. N. C. Since the Marigold's commissioning in June of 1944, these nurses have travelled more than sixty-five thousand miles, serving in the Invasion of Southern France, in the Philippines, and at New Guinea, as well as carrying patients back to the United States between campaigns.

Twenty-nine of the thirty-seven nurses now on duty have been assigned throughout the Marigold's career as a hospital ship.

Program to Cut Instead Of Increasing of Taxes

By Francis M. Le May

WASHINGTON, Sept. 26 — (AP) — Meeting for the first time in 16 years to consider reducing — not boosting — taxes, the house ways and means committee voted today to rule out any reductions in excise levies at this time.

The tax framing group indicated it will confine its first peacetime bill to reduction of individual and corporation burdens. To hasten action of the tax reductions, the committee voted to forego public hearings.

Under present law the high excise levies on such things as liquor, tobacco, fur coats and lipsticks, will continue until six months after the war, when they revert to the lower levels of the 1942 tax act.

Chairman Doughton (D-NC) said he expected treasury secretary Fred M. Vinson to come before the committee next week to present the administration's view of tax reductions.

Not since 1929, during the Hoover administration, had this tax-writing group met specifically to reduce federal tax burdens. On December 16 of that year congress passed a "Christmas present" revenue bill, reducing the individual normal tax by one-third and granting similar relief to corporations.

Chairman Doughton (D-NC) called the committee together today to deal with many proposals already advanced for trimming down the record wartime levies.

Before the legislation gets through congress it might erase 9,000,000 low-income persons from the tax rolls, ease overall levies on individuals by more than \$2,000,000,000 and eliminate or sharply soften the wartime 95 per cent corporation excess profits tax.

Clear Way For Bill

The committee cleared the way for the tax bill yesterday when it tossed aside all legislation urged by President Truman for broad expansion of unemployment benefits.

A Republican-Democrat coalition that shelved the jobless aid measures, 14 to 10, attributed the action to the rising tide of strikes which members said obscured the magnitude and nature

Mrs. Jacob L. Loose is Dead

KANSAS CITY, Sept. 26 — (AP) — Mrs. Jacob Leander Loose, philanthropist and widow of the late chairman of the Loose-Wiles Biscuit company, died today at The Walnuts, her fashionable apartment residence on the city's near-south side.

She was 5 years old and had been ill for several months.

Mrs. Loose, who also gained prominence as a Washington, D. C., society leader, had "invaded" capital society in 1923, after her late husband's death.

Married in 1878, theirs was a devoted life together. Mrs. Loose gave expression to that devotion, shortly after the Biscuit company chairman's death, in the gift to Kansas City of a large park in his memory.

In the nation's capital, Mrs. Loose was famed for her dinner parties and other social functions.

Eisenhower in Call to Patton For Report

Is to Give an Accounting on De-Nazification

FRANKFURT ON MAIN, Sept. 26 — (AP) — Gen. Eisenhower summoned Gen. George S. Patton today to make a personal report on de-Nazification progress in Bavaria.

Lt. Gen. Walter B. Smith, Eisenhower's chief of staff, announced that the supreme commander had called for an immediate report on Nazis still holding office in Third Army territory and also had requested Patton to give a personal accounting of his stewardship in Bavaria early next week.

At a press conference called as the result of Patton's recent remark that "Nazism might well be compared to any political parties at home — Republican or Democratic," Smith said Eisenhower would permit no modification of his order that Nazis be removed "ruthlessly from public office, regardless of general efficiency."

Patton acknowledged yesterday that his choice of words had been unfortunate.

Smith said that anyone who thought there would be a modification of Eisenhower's orders was "wild."

To series of questions by correspondents as to why Nazis had been left in office in Bavaria, Smith replied: "Let's wait a week and see what happens."

Asked what would happen if Patton's account of his stewardship in Bavaria was "not satisfactory," Smith said "I have no idea."

Policy is Given

The chief of staff outlined Eisenhower's policy with these points:

1. Complete de-Nazification of Germany's political, educational and economic life, as ruthlessly as required.

2. Care of displaced persons at the expense of the Germans.

3. Reestablishment of an internal economy so Germany could maintain a living standard not higher than that of surrounding countries.

4. Removal of all excess heavy industries.

"Patton is a professional soldier and will obey these orders," Smith added.

He explained that a soldier had the right to express his opinion on a subject until a higher commander made a decision, but that once that decision was made the subordinate could do nothing but carry it out.

Smith declared that, as far as the Nazis were concerned, Bavaria could be cleaned up in ten days. However, he said U. S. army headquarters was deeply concerned over the sector's deep-rooted "ultra-conservatism."

"This is more important than if someone overlooked a few Nazis in public office," he added, with the explanation that the Bavarians' attitude led to intolerance and to more insidious influences.

Smith said Bavaria's prospects (Please Turn To Page 4 col. 1)

Japan Stripped Of All Army and Navy Equipment By Commander

By Russell Brines

TOKYO, Sept. 26 — (AP) — Unconfirmed Japanese reports tonight said that Emperor Hirohito will meet General MacArthur tomorrow, presumably at the U. S. Embassy which is the supreme Allied commander's residence. Well-informed sources earlier had said such a meeting — unprecedented in modern Japan — was being arranged but had cited no date.

Official army sources remained silent but MacArthur's public relations office announced that correspondents would meet at 9 a. m. tomorrow (8 p. m. tonight, Eastern War Time) for instructions on covering "a forthcoming event."

Hirohito never has visited the American embassy, but he probably has viewed it on his infrequent drives about the city. Past procedure demanded that American ambassadors visit the imperial palace for their far-between audiences with the emperor.

Hirohito hasn't been seen outside the palace compound since the American occupation. The only American soldiers he might have glimpsed through a palace gate. Troops of the U. S. First cavalry maintain a 24-hour guard around the palace to prevent unauthorized entrance by Americans.

Stripped of Equipment

General MacArthur today stripped Japan's army and navy of all equipment, directing that their stocks of food and clothing be turned over to the famine threatened civilian population under a strict accounting.

A member of Japan's house of peers, meanwhile, proposed in an interview that Emperor Hirohito withdraw from all political affairs, in order to eliminate "the clique around the throne," and thus make democracy possible.

If the emperor withdrew to the background as a spiritual adviser and avoided political matters, Marquis Yoshichika Tokugawa asserted, there would be no political clique surrounding him.

Reorganization of the Japanese agency through which occupation headquarters works its will upon the conquered nation also began today, to shake off clinging domination by Japanese foreign office personnel.

Chinese Troops Arrive

(Occupation forces will be bolstered soon by Chinese troops, said a Chinese government spokesman in Chungking today. He did not report their number or expected date of arrival.)

The Japanese central liaison office through which MacArthur's commands supposedly are effectuated, is being broadened to include representatives of all fields of government, Japanese government sources said. The office previously has had slight chance to act, however, since the Japanese foreign office had been doing out MacArthur's requests to appropriate Japanese governmental departments for action.

The Japanese privy council approved the reorganization at a special session in the presence of Emperor Hirohito yesterday. The battle for reorganization was one factor which forced the resignation of Mamoru Shigemitsu, the foreign minister who signed the surrender document for Japan.

Shigemitsu had supported current bureaucrats in the liaison office. Government sources said the organization, which retains its present name, will be headed by a president of ministerial rank whose appointment will be approved by MacArthur. There will be two vice presidents, one the concurrent vice foreign minister.

It was announced today that the new vice foreign minister is Tatsu Kawai, a member of the old line bureaucratic clique. He succeeded Shunichi Matsumoto, who resigned.

The organization will be divided into six departments, covering financial, home affairs and other fields, all required to meet the demands of MacArthur.

Approximately 35 persons saw him topple from the rostrum at the close of his message on the good of the order to which he had belonged 41 years.

With his wife, Mrs. Anna Hall Cheatham, he was a guest at the home of his niece, Mrs. Leslie Hale, and his sister, Mrs. Jessie Anderson, 908½ West Third street.

Afterward he went to the Hawaiian Islands to make his home and returned to the United States in 1941 before the attack on Pearl Harbor. Prior to his army service he was employed as a pressman on the Sedalia Democrat.

Mr. Cheatham was born in Longwood on July 26, 1875, a son of the late William C. and Sarah Cheatham.

2nd Halted Nazis With Cooks, MPs

By NEA Service

On D-Day plus 1, June, 1944, in the teeth of vicious, accurate enemy shell fire which blanketed the shoreline, the doughboys of the Second Infantry Division hit the beach at St. Laurent sur Mer in Normandy. This was the second time that the men who wear the Indian Head on their shoulders had flung themselves against German might on French soil. In World War I, the Second fought in every major engagement, suffering one-tenth of all casualties in American Armies.

Once on the beach in Normandy, the Second, whose slogan is "Second to None," slashed forward. For 70 consecutive days the division fought against crack enemy forces, including the formidable Third Parachute Division. The Indian Heads were instrumental in the fighting around St. Lo that led to the breakthrough out of Normandy, and were credited by Lt.-Gen. Leonard T. Gerow, then its corps commander, with having been largely responsible for victory in the savage battle of the hedgerows.

The Second had pierced the Siegfried Line when, in mid-December, von Rundstedt launched his counter-offensive. Cooks, clerks, and MPs were thrown into the lines, and the Second held its ground.

The Indian Heads resumed their march, spilling into Germany, and VE-Day found them in Czechoslovakia.

3rd Fought on Every Front In Europe

By NEA Service

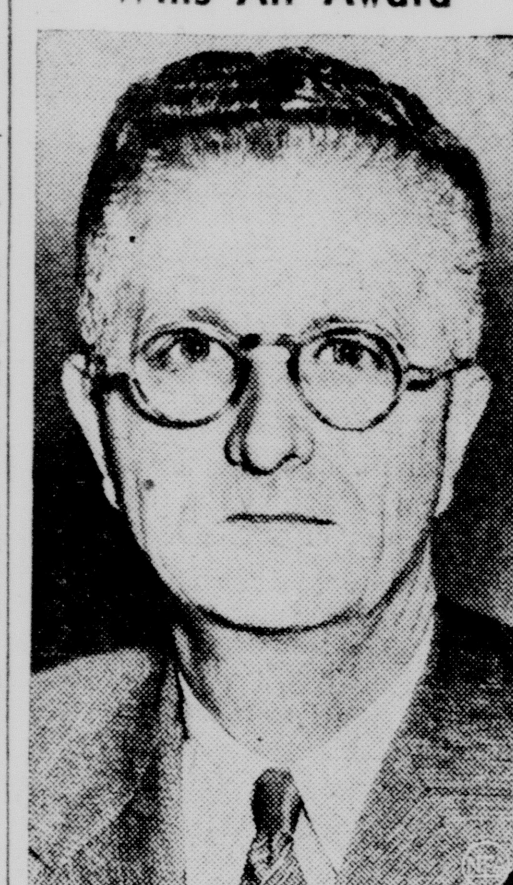

On VE-Day the Third Infantry Division was at Salzburg, and was using as mess hall the dining room of the Schloss Klessheim, where Hitler once housed his more important guests.

But the doughboys of the Third had walked a long and bloody trail to reach Salzburg. This division, which earned the nickname "Rock of the Marne" because of its impregnable stand in World War I, is the only American division which fought the Nazis on every front in Europe—North Africa, Sicily, Italy, France and Germany. It had more casualties—nearly 35,000—than any other division, and it holds the record for high combat citations, no fewer than 29 of its officers and men having won the Medal of Honor.

The Third's first D-Day came in 1942, when it spearheaded the landing near Casablanca. The division's capture of Palermo, after a D-Day landing in Sicily, was sensational.

When the Anzio campaign was launched, the Third again drew the "short straw." Its men slashed ashore in the first wave, and it was here that the Third established the record for the most casualties suffered in any one day. In its 24 hours on French soil the division took more than 1,000 prisoners. It raced to Avignon and the Rhone river, and breached the Vosges Line. Then, as a major unit in the Seventh Army, the Third drove across the Rhine and deep into Germany.

Thousands Under Arrest

BERLIN, Sept. 26.—(P)—Lt. Gen. Lucius Clay, who heads the American military government in Germany under Gen. Eisenhower, said today 50,000 to 60,000 Nazis were under arrest in the United States occupation zone and that the number would increase soon to 100,000.

Clay said every German industrialist or business man down to shop foremen who had belonged to the Nazi party would be discharged in the purge now in progress. These will become common laborers unless they can prove to occupation authorities that they were non-active Nazis or compelled to join Hitler's party. The proof rests with the individual.

More Publicity By Movie Star

Sedalia received bit more publicity from Bettie Davis, movie star, in an article in the October issue of Coronet, through a story about Miss Davis by Cameron Shipp entitled "America's Leading Lady."

"Bettie had just discovered America, and vice versa," Mr. Shipp wrote, "The results were mutually illuminating. Particularly, she struck up warm friendships with the states of Missouri and Oklahoma. When the citizens of Sedalia, Missouri, presented her with a mule, and the cattlemen of Oklahoma City led a bellowing heifer into a hotel dining room and christened it Bettie Davis in her honor, she was momentarily dismayed."

protest occupation policies.

Russia May Give Views

The appointment of General MacArthur as Allied commander in chief, the President replied, was concurred in by the Allies.

A reporter wanted to know whether the Russians have an opportunity to express their views.

Yes, the president asserted, they have a representative with MacArthur. Or, he added they can convey their views to him.

The president under rigorous questioning on foreign affairs, said he knew of no plans for another meeting of the "Big Three." At the same time, he expressed some impatience with published reports that the meeting of the Foreign Ministers Council in London was a failure.

All these reports, he said, are pure surmises. He suggested critics wait until the foreign ministers report to see if the meeting is a failure or not.

He said he had no comment of his own on the progress of the London parley and that his best guess is that Secretary of State James F. Byrnes will return in about ten days.

The president said that he knew of no plans of General MacArthur to return to this country, and that he knew of no reason to ask him to return at this time. He had been asked about recurring reports he might be recalled to make a report on occupation policy.

Fresh Flareup For Big Five

LONDON, Sept. 26.—(P)—A fresh dispute disrupted talks of the foreign ministers of five leading Allied nations today, this one between Soviet and French representatives over wording of a communiqué last night.

Consequently the scheduled discussion of German peace problems was postponed.

A disclosure that the United States was preparing to recognize Hungary had relieved tension earlier.

The controversial communiqué said the foreign ministers had "discussed repatriation of French nationals in Soviet hands."

Foreign Commissar V. M. Molotov of Russia was reported to have complained that the wording created the impression that the Russians had captured French nationals illegally. He was understood to have demanded an official correction. France refused to agree, whereupon Molotov was reported to have said he would make a statement of his own on the subject. This might be delivered here or in Moscow.

The French citizens under discussion were residents of Alsace and Lorraine impressed into the German army whom the Russians captured during the war.

The French took the position that the reference in the communiqué was an accurate statement of the discussion.

John Foster Dulles, Republican adviser to the American delegation, cancelled his projected tour of European capitals in search of information useful to the peace formula. It is understood that Dulles will seek a more precise definition of U. S. foreign policy.

The conference is expected to end tomorrow or Friday, at the latest. Planes were waiting to carry home Secretary of State Byrnes and Russian Foreign Commissar V. M. Molotov.

It is important that all members be on time for these meetings.

Program to Cut Instead Of Increasing Taxes

of the postwar unemployment problem.

Two other committee members, however—Reps. Forand (D-R) and Eberhart (D-Pa)—said they would seek the required 218 signatures to bring the legislation directly to the house floor for a vote.

Doughton set November 1 as the deadline for tax-cutting action if reductions are to apply to 1946 incomes. Emphasizing speed, the committee probably will sidestep public hearings. It was understood Secretary of the Treasury Fred M. Vinson will be the first to testify.

Need Lot of Revenue

By James Marlow
WASHINGTON, Sept. 26.—(P)—You and the public debt. Any connection—Sure.

Congress soon starts to whittle down taxes for 1946. The size of the cut you get will be tied right in with the public debt.

The debts so big congress can't chop too much off next year's taxes. The government needs a lot of revenue to pay off the debt, or part of it.

It won't be able to pay off the full debt for many years to come, it ever.

It can't even start to decrease the debt until its revenue exceeds its expenses. And that won't happen next year.

This is an explanation of the debt. How it works, how it got that way.

When the government's expenses are greater than its income—its income is mainly from taxes—it has to borrow money.

It borrows by selling bonds—war bonds are an example—to you and to banks and institutions. It has to pay interest on those bonds until it's time for the bonds to be cashed. Then it has to pay the full amount of the bonds.

It may have to sell new bonds to borrow more money to pay off on the old bonds.

Between 1914, before we got into World War I, and 1940 the public debt rose from less than 1 billion dollars to 40 billion.

In those years it rose because we had the expense of World War I and the expense of creating jobs—paid at government expense—in the depression, plus increased cost of running the government.

By June 30, 1945—after going through most of World War II—the debt had climbed to 259 billion dollars.

By June 30, 1946 it is expected to go up another 14 billion to bring the total debt to 273 billion.

(The figures used here are based on a fiscal year which begins July 1 in one year and ends June 30 next. The 1946 fiscal year began July 1, 1945.)

In fiscal 1946 the government expects to spend 67 billion dollars. Through taxes it will take in 36 billion. That leaves expenses exceeding income by 31 billion.

But the treasury at the start of fiscal 1946 had on hand 25 billion, out of which it will spend 17 billion. That 17 billion, subtracted from the 31 billion, still leaves an increase of 14 billion in the public debt.

Government experts figure this: If we didn't try to wipe out any of that 273 billion debt—but just paid the interest on it—it would cost the government 5 or 6 billion dollars.

You ask: Why do we have to spend 67 billion dollars in 1946? Isn't the war over?

Yes. But the fiscal year of 1946 started July 1, 1945. We then still had a month and a half of the war with Japan which ended Aug. 14, 1945.

Between now and June 30, 1946 we will have to:

Pay millions of men in the armed services, feed them, clothe them, transport them; pay veterans benefits; mustering out pay; pay for some war contracts, like ships now being completed; pay on terminated war contracts; pay money into an international bank; and run the government.

Out of Army After Four Years

Mrs. S. W. Washburn of St. Louis, and son, Max E. Washburn, recently discharged from the army, are visiting Mr. and Mrs. W. W. Berry, 513 East Fourteenth street, and Mr. and Mrs. Will Strader of north Highway 65 and other friends and relatives in and near Sedalia, their former home.

Washburn received his discharge at Jefferson Barracks last Tuesday after returning the preceding Sunday from overseas service. He had been in service four years and nine months, 27 months of which were spent in the Aleutians.

After returning to the United States and being in camps here for four months he was transferred out of the 138th into the 385th and 76th divisions and sailed for England the latter part of November. He was in General Patton's Third Army and on V-E day was near Chemnitz, Germany.

Talk on Courts To Lions Club

Judge Dimmitt Hoffman was the principal speaker at the noon day meeting of the Sedalia Lions Club at Hotel Bothwell today. Judge Hoffman used as his subject "Our Courts and Their Functions." He was introduced by George James, program chairman for the club.

Judge Hoffman in his talk, which was most interesting, told of the changes which will be made in the justice of the peace courts due to the change of the constitution of Missouri, of the functions of the probate court, the county court, and the circuit court, the latter over which he presides in Pettis county. He also referred to several cases which had been tried before him and actions taken on them on appeals to the Kansas City Court of Appeals and also those taken to the Supreme Court of Missouri.

He also referred to a case brought to Pettis county from Greene county upon which he rendered a decision after the jury had been waived, of the case being referred to the Federal Court of Appeals and action taken by that body.

Present at the meeting were Jack L. Jolly, past president of the local club now of Poplar Bluff, Mo., guest of the club, S. O. Rawlings, Jacksonville, Fla., guest of Al Gardner, and Flight Officer Charles Doberneck, Jeanette, Penn., guest of D. Kelly Scruton.

It was announced Cleo Cecil will be the program chairman for the month of October.

Merry-Go-Round

by Drew Pearson

WASHINGTON, Sept. 26 — President Truman has sent a telegram to British Prime Minister Attlee urging that around 150,000 Jewish refugees now in Europe be allowed to enter Palestine immediately. Truman has also instructed General Eisenhower to have the U. S. army supply transportation for them to Palestine.

All this developed as a result of a meeting between Truman, Senator Brewster of Maine, Republican; Senator Magnuson of Washington, Democrat; and ex-Senator Gillette of Iowa, now head of the "League for Free Palestine." These three had planned to go to London to take the matter up with the British government when Truman, hearing about their visit, called them to the White House. He urged that they not go to London at this time.

"It would just create more problems for Jimmie Byrnes," Truman explained, "when he's already got enough on his hands." Senator Brewster then engaged in a good-natured but vigorous argument with his old friend, the president, with whom he had long served on the Truman committee. The president explained that he was not in favor of an outright Jewish state in Palestine. Senator Brewster, who has long waged a battle for the right of the Jews in Palestine, took vigorous opposition to this.

"You are just following the same British line that Roosevelt fell for," he admonished his old friend Truman. "It was the British who arranged for Roosevelt to see Ibn Saud so that Ibn Saud could warn Roosevelt that there would be bloodshed if Palestine was given to the Jews. Meanwhile, the British were giving Ibn Saud rifles with which he could sir up bloodshed."

President Truman, however, maintained that Palestine should be governed by all religions, Mohammedans and Christians as well as Jews.

What We Fought For

Truman was 100 per cent behind the plan to permit Jewish refugees to go to Palestine, went even further than the visiting senators expected. They had been concerned regarding the fate of approximately 100,000 to 150,000 Jews — some of them from Poland, some from Germany — who are living in refugee camps under the protection of the American army and cannot return home. Earl Harrison, former U. S. commissioner of immigration, recently went to Europe to study their fate, and reported that their return to Poland and Germany would be extremely difficult.

This situation aroused President Truman. He promised to send orders to General Eisenhower not only to transport to Palestine the refugees who wished to go, but to billet other refugees with German families if they wished to remain in Germany. "These people have a right to live in their own country," Truman said emphatically, "and I am going to instruct General Eisenhower to billet them right in with German families if they want to live in Germany."

"This is one of the things for which we fought the war," Truman added. "If we have failed in this, the war has been fought in vain."

Capital Chaff

President Truman still keeps up his rapid-fire early morning appointment pace, sees as many as 15 visitors before lunch. Greek publisher Basil Vliavianos visited Truman the other day, caught him sneaking a yawn and long stretch between callers. . . . A new breath of fresh air in the post office department. Gael E. Sullivan of Chicago, assistant postmaster-general. . . . Visitors to the Franklin Roosevelt memorial library at Hyde Park have doubled since the late president's death. LEANA IS OFFENDED
IX
THE STORY: Carolyn admits overbearing Leana's conversation, but Bob prefers to forget it. Immediately they plan what is to be done with the remaining X-999. Carolyn suggests taking it west, hiding it in a cave. Meanwhile power lines from Boulder Dam can be tapped for the laboratory. Bob thinks it a good idea. He flies west to look over the ground.

SIX days after he left, Bob telephoned. It was late afternoon. "Carolyn!" he cried exultantly, over long distance. "I have found just the spot. I've already started work on it. Have you been all right? I wish I had brought you with me to help with the— Well, anyway, I shall catch a plane out of here tonight. We'll ship the stuff by train. That'll be—let's see—about 14 hours from now I can be home again and—"

Carolyn was astonished at the feeling of elation that came over her when he told her was on the way back.

The good feeling persisted, too. As trusted secretary, she gave thought to her duties. With Bob returning, that ruled out the possibility of Leana Sorni bossing the next move. Carolyn herself, as Bob's assistant, could start preparations for him.

She had really taken charge of things anyway, since he had been away; such as checking the guards, paying them with money Bob left her, handling the normal business routine. A man expects his secretary to be efficient, and if Bob wanted to transfer everything westward as soon as possible—

Head up, Carolyn went straightway to Leana Sorni, to inform her courteously that preparations for moving the priceless X-999 were already under way.

former First Lady is now so busy she may open an office in Manhattan to handle her mail and business affairs. . . . The new First Lady, Mrs. Truman, may try to improve her own press relations this fall. She's been tipped off by intimates that the ladies of the Fourth Estate don't love her.

Lieut. Comdr. Joel Fisher of the coast guard who won the title of "Task-Force Fisher" for ferreting out hidden Nazi gold in Germany, is now working for Henry Wallace at the commerce department. . . . The conference of American small business organizations is bombarding congressmen with inflammatory propaganda to block any permanent fair employment practices committee. . . . Suggestion to Paul McNutt — check on why General MacArthur and Philippine President Osmena permitted so many Jap collaborationists to keep high office in Manila since liberation of the Philippines.

Children's Lobby

Economy-minded members of the house appropriations committee are not letting any grass grow under their feet. Chairman Clarence Cannon of Missouri, parsimonious John Taber of New York and tight-fisted Richard Wigglesworth of Massachusetts, ranking Republicans, are cutting expenditures to the bone.

But they're under plenty of pressure from their colleagues to permit continued operation of the child-care centers which the federal agency has been operating. These centers, which make it possible for working mothers to leave their children in competent hands while they are on the job, are scheduled to be closed next month. The protest against closing them has been extremely strong, especially in the west.

A score of Pacific coast congressmen met Wednesday morning with federal works administrator General Philip Fleming to reach a solution to this problem. Fleming told them child care was never contemplated as a permanent federal project and would have to be taken over by the states.

Representative Richard Welch of San Francisco insisted, however, that federal operation until the states were ready to take over is imperative — at least un-

TWO days later Leana went to Bob's office. Carolyn, anxious to escape the unavoidable eavesdropping, or interfering in any way, found excuses to taw away from her desk.

In characteristic bluntness, Leana drove straight to her point. "Robert, now that you have returned to actual work,"—she emphasized the last two words almost bitterly—"perhaps you will be so good to tell me the plans you have made."

The thrust escaped his notice. In truth, Leana was not so much concerned over the future of X-999 as she was of the fact that Bob had returned from the west yesterday afternoon, and had, to Leana's astonishment, taken Carolyn to dinner.

"Right, Leana! I was going to send for you. Or come to your office," Dr. Hale, although superior here, had always tacitly placed Miss Sorni in a position of virtual partnership and equality in their laboratory work. She had come to expect it. "As a matter of fact," he went on, "Carolyn has made most of the arrangements already. She is to—"

"Indeed! The matter was taken right out of my hands."

Her asperity caught his attention. He looked up at her in surprise. "But, Leana, she—why not? Carolyn is to be complimented. For efficiency she had already ordered a freight car when I arrived home, had the exact train schedule on my desk. She had anticipated my reasoning that a freight car offers the best and safest transport."

"Carolyn arranged to load the car at the Meyer switch, only half a mile from here. The lead containers will be cast and ready by 6 or 7 o'clock tonight. The girl is priceless."

"The danger is enormous," said she coldly.

"Unavoidably." He nodded agreement. "Which is all the more reason for getting our job done with dispatch. Carolyn has some good ideas about packing, too. Look, she suggests if ordinary coil springs be mounted on all sides of the padded containers, and they in turn padded again outside, there is practically no possibility of shock no matter how rough the trip may be. As you know, ordinary shock should not disturb X-999 anyway. Only heat or a percussion cap might do it. And yet, that first effort!"

He recalled the explosion, which still baffled him. "For getting it to the train, Carolyn agrees that—"

CAROLYN! Carolyn! Carolyn!

Robert seemed full of her name. Leana's lips tightened, worked in and out nervously. She was shrewd enough to say no more, though, lest she reveal something of the deep resentment she felt. The Tyler girl had no place here, no right! She was an intruder. What had "efficiency" to do with it? Any child could charter a freight car, suggest a packing case.

Leana left Bob Hale's office, ostensibly to go to the laboratory. Actually she was tense with anger, unreasonable but real. She had expected him to spend all of last evening with her here in the laboratory and when he hadn't come at 10 o'clock she had investigated, only to learn that he was dining and dancing again.

Fury over that—Leana held it to be acute neglect of duty on Bob's part rather than any jealousy of her own—caused her to go sleepless most of the night.

The next morning she did not go to the laboratory. She went to her own office instead, carefully locking the door; sat at her desk to stare off at nothing. Her facial expression then would have caused anyone instant alarm. Again, in characteristic manner, she drove straight to a point, this time in her thinking.

Wartime tension and overtime work make relaxation doubly important. Whether fishing or spending Sunday on your own porch, there's nothing like ice-cold Coca-Cola to make a brief rest refreshing. COOL AS A CUCUMBER!

Give your Engine

Phillips 66

THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!

No sir, a quart of oil won't make your car young again. But the right quart of oil can keep it from running hot, smoky, and expensive.

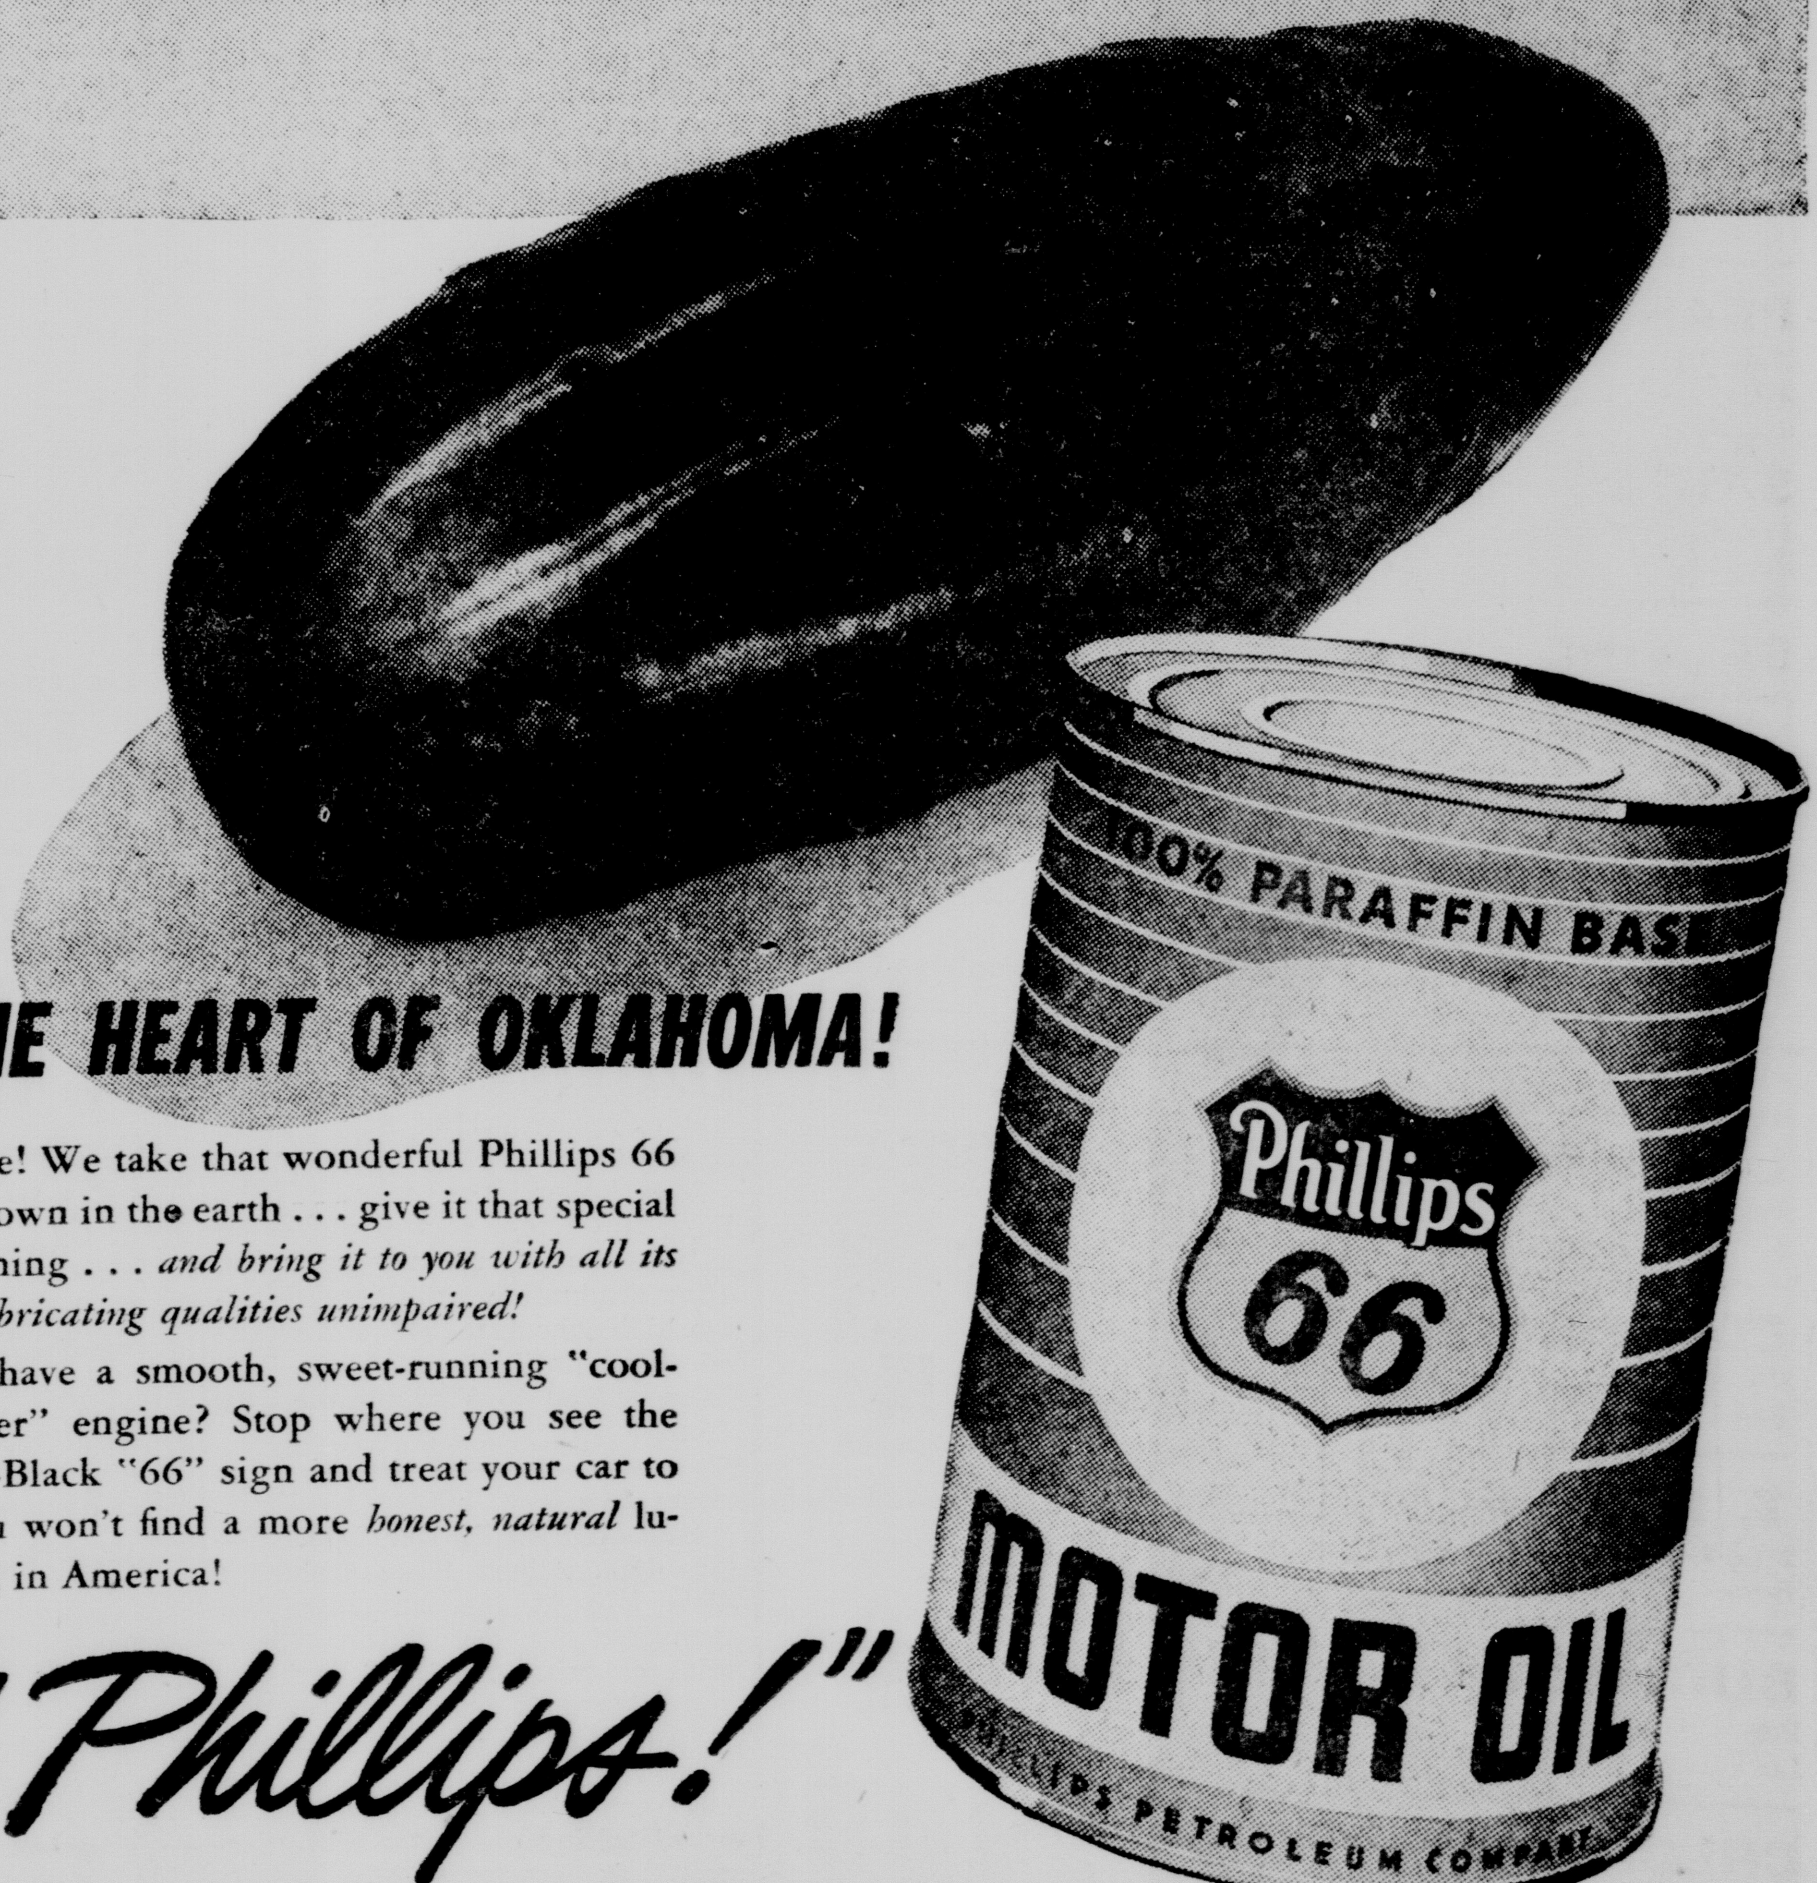

What's the right oil? Well, we don't like to boast, but we'll bet you all the tea in China that there isn't a better, more natural oil than Phillips 66!

You see, we're just smart enough to know a good thing when we see it—and just wise enough to

leave it alone! We take that wonderful Phillips 66 from deep down in the earth . . . give it that special Phillips refining . . . and bring it to you with all its God-given lubricating qualities unimpaired!

Why not have a smooth, sweet-running "cool-as-a-cucumber" engine? Stop where you see the Orange-and-Black "66" sign and treat your car to a quart. You won't find a more honest, natural lubricating oil in America!

Grownups Are Just Like Kids, Too

Ever notice that when you tell a youngster he can't do this or he can't have that—it's about ten to one he'll do it just out of spite?

I guess it's only natural for us Americans to resent any infringement of our liberties. On the other hand, if you explain to the boy why he should not do it or how he'll benefit by not doing it, that usually settles the matter.

One of the chief functions of the Missouri Committee—U. S. Brewers Foundation is its educational, and self-regulation

program that explains to the beer retailers why it's to their advantage to conduct their business according to the spirit, as well as the letter of the law. To run an orderly, decent place at all times.

From where I sit, friends, the program is working. Missouri's beer business is being conducted as any business should be—in the interest of the general public.

SOCIAL EVENTS — CLUBS

At a pretty candlelight service
Tuesday evening, September 25,
at 8:00 o'clock, Miss Ruth Yv-
onne Wasson, daughter of Mr.
and Mrs. Maurice Wasson, 920
West Sixteenth street, became the
bride of Sergeant Harold E. Fim-
ple, son of Mrs. Charles M. Woot-
ter, 718 East Seventeenth street,
at the First Christian church. The
double ring ceremony was read
by Rev. A. W. Kokendoff, pas-
tor emeritus, assisted by Rev. De-
wey I. Meranda, the present pas-
tor, before an altar banked with
palms, smilax, white gladioli and
white mums.

Preceding the ceremony Miss
Betty Lou Stanfield, of Sedalia,
and Miss Betty Leake, of Kansas
City, in floor length dresses of
white net and wearing corsages
of Picardy gladioli, lighted the
tall white tapers in the two sets
of candelabra holding thirty-two
candles.

Corporal Kenny Peters, who is
stationed at the Sedalia Army
Air Field, sang before the cere-
mony, "Always" and "All of My
Life," with Miss Marjorie Bliss
of Warrensburg at the organ.
Miss Bliss, who wore a black dress
with satin trim and a corsage of
white gladioli, played before ser-
vice, "My Devotion," "Night and
Day," "You'll Never Know,"
"Dreams," and "Till the End of
Time," and during the service,
"Ah, Sweet Mystery of Life."

To the strains of the Bridal
Chorus from Wagner's Lohengrin
the bride entered the church on
the arm of her father. Her wed-
ding gown was of white satin and
net, fashioned with tight fitting
satin waist, sweetheart neck, and
long sleeves. White satin flowers
were applied on the full net,
floor length skirt, and her lace
edged veil fell from a coronet of
pearls in a long train. She wore a
string of pearls, the gift of the
bridegroom, about the neck, and
carried a bridal bouquet of white
flowers.

Billy Joe Brummet, young cousin
of the bride, as ring bearer
carried the rings on a white satin
pillow.

Miss Nadine Spieker, maid of
honor, wore a floor length dress
of blue net with shoulder-length
veil of the same shade. She car-
ried an arm bouquet of Picardy
gladioli.

Mr. Emmett Lloyd Fimple,
brother of the bridegroom, served
as best man.

Ushers were Mr. Robert E.
Scott, Jr., uncle of the bride, Mr.
Ivan Berry, Mr. John Miers and
Sgt. Glenn Michaels.

Mrs. Wasson, mother of the
bride, was attired in a black suit
with white accessories and a cor-
sage of Picardy gladioli. Mrs.
Wooster, mother of the bride-
groom, wore a navy blue dress
with white accessories and cor-
sage of Picardy gladioli. Mrs. Belle
Mabry, grandmother of the bride-
groom was dressed in rose-colored
print with black accessories and
Mrs. R. E. Scott, grandmoth-
er of the bride, wore black with
white accessories. Both grand-
mothers wore corsages of white
gladioli.

The ceremony was followed by
a reception at the Bothwell hotel
in the Ambassador room at which
there were about one hundred
twenty-five guests. A three tier
wedding cake, topped with a min-
iature bride and groom, was

served by Mrs. Ralph Hayden,
Miss Virginia Lee Berry, and
Miss Mary Ann McGurran, all in
floor length dresses. Miss Clara
Mabry, aunt of the bridegroom,
poured. Miss Mabry wore a floor
length dress of light blue.

The bride's going away costume
was a three piece grey suit with
tiny pin stripes of black and
white. Her accessories were black
and her corsage was an orchid.
They will go to the Lake of the
Ozarks on a wedding trip.

The bride was born and reared
in Sedalia and was an honor
graduate of the class of 1943 of
Smith-Cotton high school. She is
a member of the "S" club. For the
past two years she has been
employed at the Sedalia Army
Air Field where she is in the
AAF supplies department and
supervisor of Unit D.

Sergeant Fimple was born in
Sedalia and reared by his grand-

wounded in action in Italy on
September 17, 1944. He was
awarded the purple heart, the
bronze star medal, the infantry
combat badge and the good con-
duct medal. He arrived home
from overseas two weeks ago and
is on a thirty-four day furlough.

Here from out-of-town to at-

Weather Man Big Factor in Pennant Race

He is Now Playing on The Side of the Leading Teams

By Jack Hand
Associated Press Sports Writer
Detroit is one rainstorm away from the World Series and the Chicago Cubs aren't far removed. If the weather man turns the faucet on Briggs Stadium again today, washing out the scheduled doubleheader with Cleveland, the Tigers will back into the 1945 American league throne without winning another game.

Things are not quite so simple for the Cubs in the National but they lead by 2½ games and can grind out the St. Louis Cardinals' last hope today by repeating yesterday's 6-5 conquest in their final meeting. They still would not be "in" mathematically but it would be so close that they'd have to lose their remaining five games and the Cards win their four to miss a tie.

Most of Charley Grimm's Bruins figured they won the flag when they beat Harry Brecheen yesterday but Jolly Cholly wasn't so sure. Billy Southworth, manager of the opposing Cardinals, refused to give up and predicted, "We're not out of it yet. But we've got to win that last one."

Hank Borowy failed to last through a desperate Card rally in the eighth but received credit for his tenth victory as a Cub and his twentieth in a combination season with the Yankees and Bruins.
Ray (Pappy) Prim helped him out with a superb relief job. Some solid base hits by Phil Cavaretta and Andy Pafko, each of whom knocked in two runs, turned a threatening loss into a glorious victory.

Borowy became the first two-league 20-game winner since Iron Man McGinnity of Baltimore and New York 43 years ago.
After today's series finale, the Cubs have five to play, three with Pittsburgh and two with Cincinnati while the Cards have only four to go, three with the Reds and one with the Pirates. The American league is an open and shut proposition. If the rain that postponed yesterday's game continues, Detroit never will play the final pair with the Indians who have engagements at St. Louis Thursday and Friday and at Chicago Saturday and Sunday. Then, even if the Tigers lose both their remaining tilts with

The Browns, Washington would miss the pennant by one lonely percentage point, .566 to .565. The Senators' only hope is for Detroit to play all of their remaining four tilts and blow at least three of them.

Only two other games were played yesterday, one in each league, as Pittsburgh at Cincinnati contest also was washed out. Brooklyn tightened its grip on third place and just about ended New York's last hope of regaining a first division berth with a 7-4 triumph on Goody Rosen's three-run homer in the ninth.

Al Hollingsworth hurled the St. Louis Browns to a 5-1 margin over Chicago for his 12th success on the strength of a four-run fourth inning against Ed Lopat.

Brown Beats Meeker Two Straight Falls

Estep Makes Short Match With Tillman Two Falls In A Row

Orville Brown, Wallace, Kansas, claimant to the heavyweight championship wrestling crown, applied the Indian Death Lock twice to win two straight falls from Jerry Meeker, Columbus, Ohio, at the Pettis County Post No. 16, American Legion wrestling show Tuesday night. Marshall Estep, Sturgeon Mo., likewise handled his opponent Larry Tillman of Muskogee, Oklahoma, with two straight falls.

Estep, the Junior heavyweight champion of the U. S., gave his usual wrestling performance and pleased the local fans in the manner he used to eliminate his opponent.

Ken Fenelon, Dubuque, Ia., beat Amir Badui, India, in the opening event in twenty-one minutes, of hard wrestling. Fenelon jumped against the ropes and after butting Badui five times jumped onto the Indian with a body smother and won the fall.

Brown took 14 minutes and 55 seconds to win his first fall over Meeker who roughed the champion up through those hard fourteen minutes. Several times Brown endeavored to apply his famous hold, and upon succeeding applied the leg lock, known as the Indian Death Hold and Meeker gave up. In the second fall Meeker endeavored to whip Brown down with his rough tactics, but lost when the champ again obtained the leg hold and applied pressure which caused Meeker to answer the referee's question with the affirmative answer "do you give up?"

The Estep-Tillman match was a grudge match caused by the beating Estep and Harold "Sonny" Myers, St. Joseph, took in a team match with Meeker and Tillman. The usual roughness of

Tillman soon came after the match opened and the battle of elbows, fists and kicking began. Estep won the first fall in 14 minutes and 10 seconds, using the ropes to increase his butting and then jumped Tillman with a body smother to win. It was six minutes after the second fall period began that Tillman applied an arm hold and started to roll Estep, who succeeded in using the body check and stopper, which is the figure "8" in reverse and pinned Tillman's shoulders to the mat.

Next Tuesday night Matchmaker Gus Karis and Promoter Simon Kalis are bringing together in the Main event, Jerry Meeker and Marshall Estep for the best two falls out of three with a 90-minute time limit. Meeker was Tillman's mate when Estep was beat a week ago, and Estep after beating Tillman asked to meet Meeker again.

The semi-windup will be between Ken Fenelon and Roy Graham, of Dallas, Texas, in a two fall out of three 45-minute time limit match. The preliminary

Pfc. Charles E. Morris Was in Perilous Duty

WITH THE 31ST DIVISION IN MINDANAO—The end of the war brought honors to four Missouri service men, members of the medical detachment of the 167th infantry regiment, which has been awarded the unit meritorious service plaque by Maj. Gen. Clarence A. Martin, commanding general of the 31st (Dixie) division.

The citation, "for outstanding devotion to duty in the performance of exceptionally difficult tasks" on Morotai island in the Netherlands East Indies and on the Talamo Trail in Mindanao, went to T/4 Kenneth R. Anderson, St. Louis; Pfc. George E. Fields, Kansas City; Pfc. Charles E. Morris, Sedalia; and Pfc. Leo Tull, McFall.

Treated The Wounded

On the Talamo Trail, aid men and litter bearers treated and evacuated the wounded under some of the worst conditions of the war, often under enemy fire. With the infantry fighting knee deep in mud and up precipitous hillsides 16 miles beyond the point where vehicles could go, blood plasma, litters and all other rationals had to be parachuted to "drop strips" close behind the front line. A trickle of supplies reached the front on the backs of carabao (water buffalo).

Evacuation of the wounded was a heartbreaking job. So steep were some of the mountain slopes that it was necessary to slide, rather than carry, the litters down. It was a six mile grind from the front to the portable surgical hospital, and ten more to the Sayre highway.

Summarizing the achievement of the medical detachment, the citation reads, in part: "Through
